Happy
holidays!
Frohe
Weihnachten!

As the holiday season approaches, we want to take a moment to wish you all the best. We hope that this Christmas brings you joy, peace, and happiness. This year in particular has been a challenging one for many of us, but we are thankful for the moments of joy and connection that we have been able to share with all of you.

To review the year, we've provided a short summarising trailer of the 2022 Summer School named The School of the Untold curated by Formafantasma. Of course, we also reminisce about the numerous events that took place at the Design Campus such as Open Studios, talk sessions, podcast episodes, and the German Design Graduates exhibition with its wonderful opening weekend.

As the greatest pleasure lies in anticipation, we can't wait to share our projects for the coming season with you!

We hope that you are able to spend this holiday season with those you love, even if it is from a distance. May your days be filled with warmth, laughter, and good cheer.

As the year ends, we would like to thank all of our like-minded partners, supporters, staff and students. Keep on dreaming boldly!

We wish you all a very Merry Christmas and a Happy New Year!

PLANT FEVER: Towards A Phyto-Centered Design

Curated by Studio d-o-t-s, Laura Drouet and Olivier Lacrouts , and produced by the Belgian Centre d'innovation et de design (CID, Grand-Hornu), the international acclaimed exhibition Plant Fever will be on display in Pillnitz next year. Together with our partner Schlösserland Sachsen, the exhibition will be contextualized with the rich heritage of gardening at Pillnitz Palace & Park, as well as the collection of the Kunstgewerbemuseum.

The exhibition presents around 50 international projects from the fields of product design, fashion and new technologies and examines the hidden potential of plants.

Stay tuned and save the Date for the opening in Pillnitz at 28th April 2023.
